

**PROTEST AS THE RICH MEET AT WASHINGTON SUMMIT**

# **PUT PEOPLE FIRST!**

**FOR: jobs, services, housing,  
decent pay  
AGAINST: unemployment, wage  
cuts, repossessions and war**

On 15 November the leaders of the world's 20 most powerful nations will meet in Washington to decide their global economic priorities. Instead of their agenda of bailing out the banks and shoring up profits, we call for a united campaign to save jobs, defend living standards and oppose war. Join us outside the Treasury, on the eve of the summit, to tell the British government that we want people to come first.

**Friday 14 November. 4.30pm-6pm,  
outside the Treasury, Whitehall  
(Parliament Sq end)**

CALLED BY UCU LONDON REGION. Supported by FBU London region, People Before Profit Charter and activists from the PCS, Unite, NUT, Unison and other unions.

**MAKE THE RICH PAY, NOT WORKING PEOPLE**
